

Your Financing Options with Meritize

Meritize Financial offers educational loans to our students.

Meritize is a unique academic lender that bases its loan approvals not only on traditional credit scores, but also using a student's academic performance. The company looks beyond traditional credit data and taps into students' academic data history to expand and enhance loan options, offering loans with better terms that may not even require a cosigner. Especially if you have thin credit or no credit profile, you might benefit from a Meritize loan. Even if your academic record isn't perfect, Meritize will work with you to customize a loan that meets your specific needs.
